

### **1.4.1. Institution obtains feedback on the syllabus and its transaction at the institution from the following stakeholders:**

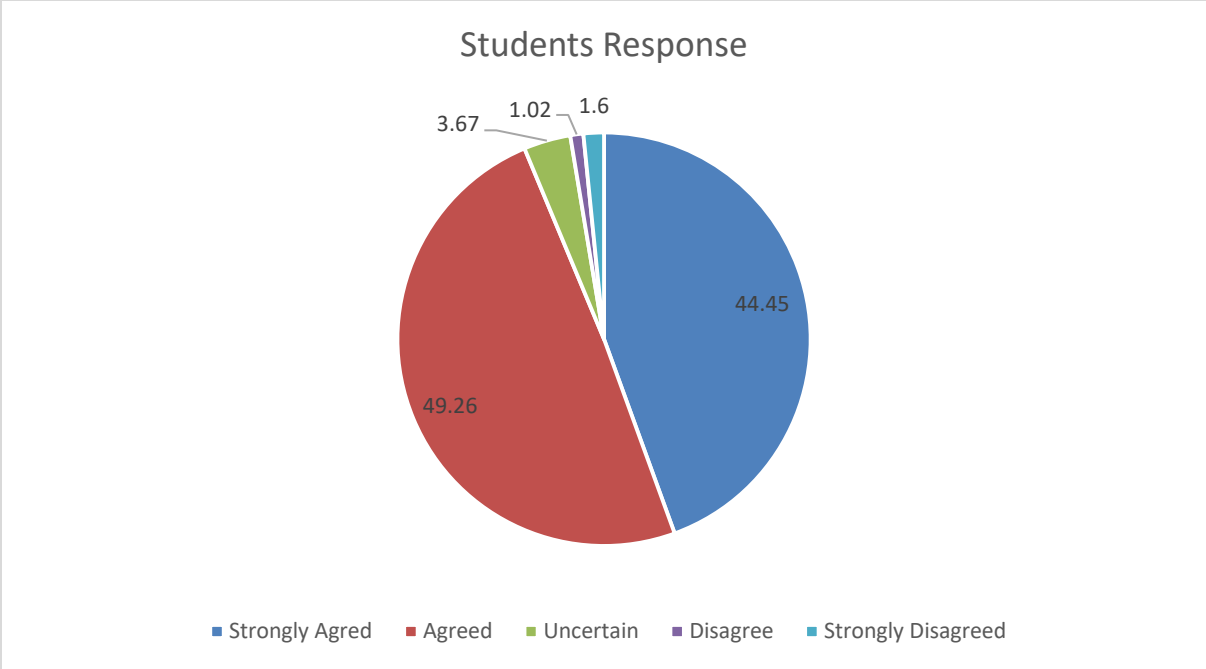

#### **Feedback Analysis Report**

The feedback of students, faculty, employer and alumni is significant in the improvement of teaching and learning process of an institution. During the academic session of 2021-22, the college also obtained feedback from all the main stakeholders viz., the students and faculty, of the college. In this regard, the Internal Quality Assurance Cell (IQAC) of the college designed the questionnaire separately for students and faculty. Here, the term student is meant for the student who has completed at least one academic session in the college. The questionnaire mainly covered all the issues relating to the curriculum. For the present survey, total 131 students, 9 faculty members, were selected by using the random sampling. The results obtained from the survey are analyzed as follows:

#### **Student Feedback Analysis (2021-22)**

Students are one of the most significant stakeholders for any educational institution. Their feedback is extremely valuable and can be utilized to review and enhance the teaching-learning techniques of the institution. The results obtained from the survey of the students are analyzed as follows:
